## Example:

# 'Quality of the training element' (1.1)

This performance indicator is concerned with:

- The extent to which each partner contributes to the event
- The evidence of partners sharing roles and responsibilities during the event

#### A performance meriting Level 4 would be illustrated by:

- 1. Each partner plays a role in the preparation and delivery of the event according to an agreed prior division of roles and responsibilities
- 2. There is clear evidence of a collaborative approach with strong team work

#### A performance meriting Level 1 would be illustrated by:

- 1. There is a lack of clarity in the partners' division of roles and responsibilities and consequently there may be evidence of a failure to contribute as required
- 2. Where problems have arisen, there is a lack of commitment to finding a mutually acceptable compromise
